

It Works! Super-size 35pc Water Activated Reusable Cleaning Blocks

USE INSTRUCTIONS

1. Soak in clean, warm water and squeeze gently with both hands.
2. Rub the stain/dirt/area gently with "It Works!"
3. For stubborn stains, rinse in water to remove residue and re-work over stained area.
4. After use, rinse under running water to remove dirt. Note - some dirt may remain on Block through absorption.
5. Discard and use a fresh Cleaning Block after "It Works" becomes misshapen, too dirty, or starts to disintegrate.

CAUTION

1. Do not use on glossy automobile paint. Use lightly on painted walls.
2. Always do a **patch test** on leather in an unobtrusive spot - "It Works" may remove some leather dyes so exercise **extreme caution**.
3. Do not use on netted or uneven surfaces - this could cause the Cleaning Block to shred.
4. "It Works!" is for hard surfaces and not fabrics.
5. For scuff marks/tar removal off flooring - please do a patch test in an unobtrusive spot to ensure you like the results.
